

## PEOPLE AND PLACES

Numerous names of people and places are mentioned by Pearse and many of these will be familiar to present residents of the Launceston and Holsworthy areas. He had many business contacts and probably needed to note their names so that he could refer back to them when necessary. In the case of the many farmers from whom he bought wool he usually noted the name of their farm and many of these can still be found on modern maps of the area. It has not been possible to research all of these but notes on a few people and places are included in footnotes to the transcription. Indexes to people and places follow below – note that these are only for the transcribed diaries, not the printed information.
